We Never Get Tired

Of telling you about SKIRTS. Some people say, "Fine feathers, etc.," but while we don't believe this, it does seem peculiar that all the good-looking girls and ladies in this section wear Skirts that come from Merz Bros. All kinds, but Mohairs are having the run, \$15.95 up.

Ladies' Jackets.

A few left, so come soon. You will need one all summer, and just now think of that big doctor bill that you could have saved if you had a Spring Jacket.

10c. Lawns.

A new line to select from. The best styles in town and besides the best Lawn at 10c., we said.

Five hundred dollars is the average amount spent every year by each family in the U. S. If you are a careful buyer and save Globe Stamps, you can fill seven books a year, and there are families in Mayeville spending five to ten times that much, that means forty to seventy-five books a year. My! What beautiful things you can have for your house free. When you think of this, do you wonder that so many people are saving Globe Stamps. Globe Stamps are here to stay—start saving to-day—a book for the asking.

KENTUCKY CROPS.

Fairly Good Progress the Past Week.
Wheat Improved—Corn Coming Up.
Tobacco Planting Commenced.

[Weekly Bulletin Weather Bureau May 17th.]

Growing crops made fairly good progress during the first part of the week, though the nights were rather cool. Light to moderate showers were general on the 13th and were very beneficial, but there followed a decided drop in temperature that checked the growth of plants. Light frosts occurred in many localities on the 15th, but it is thought that no serious damage will result. The weather and the condition of the soil were favorable to farm work, which is now, considering the backwardness of the season, well advanced.

Wheat continues to improve; in a good many localities in the western section very nearly an average yield will be made. Corn is coming up slowly. Some of the early planted failed to germinate and cut-worms are destroying the young plants, so considerable replanting will be necessary. Planting is about completed except on lowlands, and many fields are receiving the first cultivation. Tobacco plants are small, but generally healthy. Transplanting has begun in some of the southern counties. Oats, rye, clover, grasses, pastures, potatoes and gardens are in fairly good condition.

In some of the principal fruit-growing counties fruit is promising, but as a whole the crop will be short, especially peaches and early apples. The berry crop will probably be about as good as usual.

Well informed men in the tobacco trade say that high prices will rule on all tobacco that can be grown this year. Even with a large crop and increased acreage the demand will more than equal the supply.

The Court of Appeals Wednesday reversed the Laurel Circuit Court in the case of the Laurel County Court vs. Dr. Pennington, Dr. Pennington and the County Board of Health presented a claim of \$1,281.32 for medical services in furnishing medicine and for medical services in caring for small-pox patients. The County Court allowed \$300 and the Circuit Court Awarded \$300 additional. This court reversed on the ground that nothing in the record shows any of the parties was insolvent and unable to pay the expense incurred, and, further, that no contract was made on the order or request of the County Court.

NEW TRAIN.

C and O. Will Put on World's Fair Flyer in June Between Washington and St. Louis.

At a conference between C. and O. and Big Four officials at Cincinnati this week arrangements were closed for a new through train which the Chesapeake and Ohio desires to run solid from Washington to St. Louis during the World's Fair.

The train will be placed in operation in about a month. It will leave Washington about 2 o'clock in the afternoon, passing through the picturesque mountain route, and reaching Cincinnati about 8 o'clock the next morning.

This train will run solid through to St. Louis, presumably as the first section of the Big Four No. 11. The rolling stock will be first-class in every particular.

The Chesapeake and Ohio already runs sleeping cars over this route, but this is the first time that solid through trains have been provided for.

President G. W. Stevens says the Chesapeake and Ohio is not only keeping even with the record of last year, but is, if anything, crowded a little bit ahead. Last year was the largest year in the history of the company, and it is not every road which can equal that year's record and beat it.

"About 55 per cent. of our total tonnage is coal, coke and similar commodities," said Mr. Stevens. "Our tonnage in these classes of freight has kept up wonderfully well. There has been no decrease, and I do not think there will be any in the territory which we serve. Our traffic in manufactured articles and in the intermediate classes of freight also keeps up. Our earnings at the close of the fiscal year will very likely be a little ahead of last year's."

INTERESTING PROGRAM

For the Meeting of the Women's Missionary Union of Ebenezer Presbytery at Central Church This Evening.

The Woman's Missionary Union of Ebenezer Presbytery will convene in the Central Presbyterian Church this evening at 8 o'clock, when the following program will be carried out:

Anthem—Choir.
Prayer—Dr. Molloy.
Duet—Mr. Muse and Mrs. Cummings.
Words of Welcome—Miss Gordon.
Response—Mrs. Hopkins, of Catlettsburg.
The Flower Song—(Faust)—Miss Wadsworth.

At the close of the program a reception will be tendered the delegates, the various missionary societies of the city, and the congregation of the Central Church. The meeting of the union will continue for a day or two.

Rev. G. W. Poynter, who has been a missionary in China for the past thirty years, is in the city the guest of Dr. Molloy, and will attend the meeting of the Women's Presbyterial Union that convenes at the Central Presbyterian Church this evening. Dr. Poynter will deliver a lecture on China at this church Friday evening.

THE PUBLIC BUILDING.

Structure Will be a One-Story, With Basement, of Very Handsome Design.

A sketch of the public building to be erected by the government on East Third street for the postoffice and custom house can be seen at the BULLETIN office.

The building will be a substantial structure of handsome design, one-story in height, with basement extending several feet above the ground level. A flight of eight steps will lead to the entrance in front, and there will also be an entrance from the new street to be built from Second to Third on the west side of the government lot.

The supervising architect will let the contract in June, and expects to have the building under roof by next fall.

Mr. Chas. M. Grimes has returned to Anderson, Ind., after spending several days here with his father who has been critically ill. Mr. Grimes' many friends will be glad to learn that he is improving nicely.

Captain W. G. Dearing of Flemingsburg has a fine young orchard of 4,000 trees near Bald Hill that gives promise for the largest crop of apples yet raised by him. Unless some blight or unforeseen emergency arises, he anticipates gathering 10,000 bushels of apples next fall.

Mr. and Mrs. Wm. Ryan of Millersburg returned home Wednesday after spending a few days with relatives in this city and county. Mr. Ryan and his brother, Mr. J. B. Ryan, are cultivating 115 acres of corn this year. It is up and has been given its first plowing. They will also put out over forty acres of tobacco, and expect to begin transplanting to-day. They raised over 40,000 pounds last year which they sold at 10 cents straight.

D. Hechinger & Co

"Where do all of your customers come from, anyhow?" asked someone in our house last Saturday. Well, "it did look a little crowded." Many of our customers, however, waited patiently until we found time to wait on them. Why should you not come to the great HOME STORE for your Clothing, Shoes, etc.? No other house in the State shows such a variety of good merchandise. Here you find the choicest productions of the Stein-Bloch Co., L. Adler Bros. & Co., and the greatest line of young men's Suits made by Garson Meyer & Co. To those who wear clothes made by above firms we need say nothing. You who have not worn them are the fellows we are after. Come in and try on a suit. We want to show you what kind of clothes you should wear. "Don't be afraid of the price;" they won't cost more than the ordinary run of clothes.

From a side issue our shoe trade has assumed such proportions that it is now one of the chief features of our business. Hanan and Douglas, Do you know of any better?
